Child Nutrition Update

Please be advised that menus are subject to change without notice. However, we will communicate any changes whenever possible. Driver and food and supply shortages are nationwide, and our districts are no exception. We are experiencing shortages, quality, and consistency issues, last-minute replacements, late or delayed deliveries, or no delivery at all. Along with having to contend with an extremely broken supply chain, we are operating with severe staffing constraints in many of our kitchens. Though we are actively hiring, many are brand new to child nutrition and need training, which is difficult when short-staffed.

Though we are all eager to return to pre-covid operations, unfortunately, this is our current reality, making kindness and positivity even more valuable than ever. Please know that we are doing the best we can under the circumstances and remain grateful to provide meals safely to our students every day. Your patience and understanding are greatly appreciated as we continue to navigate our way through these uncertain times.

With appreciation,

Heather
