MAKE PAYMENTS ONLINE WITH E-FUNDS FOR SCHOOLS

Hebron Public Schools offers online payment options for the district food service program and preschool tuition payments utilizing e-Funds for Schools. Electronic payments can be made at any time through credit card or electronic withdrawals from a checking account. This third party service provider does not share records of family checking or credit card information with the school district. There is a processing fee for payments, similar to other online banking services. Payments made through electronic checking withdrawals (by providing an ABA routing number and checking account number) are charged \$1.50 per transaction. Credit/debit payments are charged a fee of \$2.95 per each \$100 increment in the transaction. When you set up your account, please review your options carefully. Electronic receipts will be sent to the email address provided when registering your account. The e-Funds for Schools site is secure and uses industry standard data encryption.

How does e-Funds for Schools work?

- Families set up and maintain their own logins, passwords, and payment preferences. Your account information is retained in a password-protected file.
- On-line payments will help eliminate the worry that your children could lose or forget the money intended for school items or that it might be spent on other non-school related items.
- Payments from a credit card or checking account may easily be set up.
- Parents/guardians may establish a recurring payment or may opt to make a one-time payment.
- Your payment history for the year is available with a click of the mouse

Please visit www.hebron.k12.ct.us/departments/food_services to create your account today.

Sincerely,

Kaitlyn O'Leary
