

## **Minutes for Curriculum Committee May 4, 2022 at 11:00am**

Meeting called to order at 11:02a.m. by Susan McGowan, Chair.

In Attendance: Susan McGowan, Kim Lavalley, Crystal Chretien, John Tuttle - Director

Kim clarified that the purpose and intent of this committee is not to dictate to the director which curriculum to utilize as we recognize the educational expertise of the director and his staff. The purpose of the committee is to obtain and document any updates and/or modifications made to curriculum and to convey the same to the Board. If a modification in curriculum is made the Board would receive notification and recommendations from this committee and undertake any necessary votes to approve said modification.

Director Tuttle discussed the current modifications that are being made within the humanities curriculum and how this will better prepare students for college classes as they progress through the Spark curriculum. He also discussed modifying the order of presented curriculum within the first two years for students at Spark to better prepare them for advanced classes. Director Tuttle is also working towards producing concise and clear transcripts for students furthering their education, as our inaugural class approaches graduation next year.

Mrs. Chretien presented valuable input concerning various classes that are currently being taught outside of the scope of humanities.

A motion was made by Kim to allow Director Tuttle to move forward with modification plans, 2<sup>nd</sup> by Crystal, no discussion. ALL IN FAVOR.

Motion made by Kim to adjourn, 2<sup>nd</sup> by Crystal, no discussion. ALL IN FAVOR.

Meeting adjourned at 11:38am

Next meeting scheduled for: June (date TBA)
