1648.13 SCHOOL EMPLOYEE VACCINATION REQUIREMENTS

In accordance with Executive Order No. 253 signed by the Governor of New Jersey on August 23, 2021, the Board shall adopt and maintain a policy that requires all covered workers to either provide adequate proof that they have been fully vaccinated or submit to COVID-19 testing at a minimum of one to two times each week.

This requirement shall take effect on October 18, 2021, at which time any covered workers that have not provided adequate proof to the school district that they are fully vaccinated must submit to COVID-19 testing at a minimum of one to two times each week on an ongoing basis until fully vaccinated.

For purposes of Executive Order 253 and this Policy, “covered workers” shall include all individuals employed by the Board of Education, both full and part-time, including, but not limited to, administrators; teachers; educational support professionals; individuals providing food, custodial, and administrative support services; substitute teachers, whether employed directly by the Board of Education or otherwise contracted; contractors; providers; and any other individuals performing work in the school district whose job duties require them to make regular visits to the school district, including volunteers. Covered workers do not include individuals who visit the school district only to provide one-time or limited duration repairs, services, or construction.

A covered worker shall be considered “fully vaccinated” for COVID-19 two weeks or more after they have received the second dose in a two-dose series or two weeks or more after they have received a single-dose vaccine. Individuals will only be considered fully vaccinated after they have received a COVID-19 vaccine that is currently authorized for Emergency Use Authorization (EUA) by the United States Food and Drug Administration (FDA) or the World Health Organization (WHO), or that are approved for use by the same.

Workers who are not fully vaccinated, or for whom vaccination status is unknown, or who have not provided sufficient proof of documentation, shall be considered unvaccinated in accordance with the provisions of Executive Order 253.

Covered workers shall demonstrate proof of full vaccination status by presenting any of the following documents if they list COVID-19 vaccines currently authorized for EUA by the FDA or the WHO, or that are approved for use by the same, along with an administration date for each dose:

1. The Centers for Disease Control and Prevention (CDC) COVID-19 Vaccination Card issued to the vaccine recipient by the vaccination site, or an electronic or physical copy of the same;
2. Official record from the New Jersey Immunization Information System (NJIIS) or other State immunization registry;
3. A record from a health care provider's portal/medical record system on official letterhead signed by a licensed physician, nurse practitioner, physician's assistant, registered nurse, or pharmacist;
4. A military immunization or health record from the United States Armed Forces; or
5. Docket mobile phone application record or any State specific application that produces a digital health record.

The Board of Education's collection of vaccination information from covered workers shall comport with all Federal and State laws, including, but not limited to, the Americans with Disabilities Act, that regulate the collection and storage of that information.

To satisfy the testing requirement of Executive Order 253 and this Policy, an unvaccinated covered worker must undergo screening testing at a minimum of one to two times each week, to be determined by the Superintendent of Schools.

An unvaccinated covered worker is required to submit proof of a COVID-19 test. The unvaccinated covered worker may choose either antigen or molecular tests that have EUA by the FDA or are operating per the Laboratory Developed Test requirements by the U.S. Centers for Medicare and Medicaid Services.

Where a Board of Education provides the unvaccinated covered worker with on-site COVID-19 test(s), the school district may similarly elect to administer or provide access to either an antigen or molecular test.

School Employee Vaccination Requirements

If the covered worker is not working on-site in the school district during a week when testing would otherwise be required, the Superintendent or designee may not require the worker to submit to testing for that week. This requirement shall not supplant any requirement imposed by the Board of Education regarding diagnostic testing of symptomatic workers or screening testing of vaccinated workers.

The Board of Education shall track test results required by Executive Order 253 and must report those results to the local public health department.

Nothing in Executive Order 253 and this Policy shall prevent a Board of Education from revising this Policy to include additional or stricter requirements, as long as such revisions comport with the minimum requirements of Executive Order 253.

Executive Order 253 authorizes the Commissioner of the Department of Health (DOH) to issue a directive supplementing the requirements outlined in Executive Order 253, which may include, but not be limited to, any requirements for reporting vaccination and testing data to the DOH. Actions taken by the Commissioner of the DOH pursuant to Executive Order 253 shall not be subject to the requirements of the Administrative Procedure Act, N.J.S.A. 52:14B-1 et seq.

This Policy shall be supplemented by Policy 1648.11 – Appendix A, which shall include the school district’s protocols implementing the provisions of this Policy.

The Superintendent is authorized to implement revisions to provisions in this Policy based on any subsequent Executive Orders or any additional mandates that affect any provisions of this Policy. Any such revisions in this Policy shall be submitted by the Superintendent to the Board of Education for ratification if the Board cannot approve such revisions before the effective date.

Executive Order 253 – August 23, 2021
