

TAKING THE SAT/ACT IN THE POST PANDEMIC ERA

Tuesday, October 18 @ 7-8pm*

Steve Rossner, founder of *SAT/ACT Sense*, will provide guidance to students and parents who are getting ready to prepare for the SAT/ACT exams. As more colleges and universities go test optional, students and parents are becoming more confused with the process. This program is designed to walk parents and teens through the standardized testing process to determine whether or not their children should even prepare for these exams.

***Registration required. For teens in grades 9-12 ONLY**

Zoom meeting link will be provide after registration and on the day of the program.
