

Ridgewood Education Foundation

Enhancing Education

District families,

Thanks to the many families that we spoke to during our Phonathon fundraiser. Through your generous support we raised more than \$27,000 during our 3 nights of outreach.

Unfortunately, there simply wasn't enough time for us to speak to all the district families so we're reaching out to tell you it's not too late to be part of our largest fundraiser for the 2019-20 school year.

We would really love your support.

The more money we raise, the more money we are able to grant back to the district to fund important initiatives that will benefit your children.

Our work impacts all Ridgewood students, grades K-12 so it's highly likely your children have already benefited from our work. In the past 5 years the **REF has funded more than \$530,000 in grants** to projects like the 1:1 Chromebook initiative and the modernization of the science labs at BF and GW middle schools; Maker space creation at elementary, middle and high school levels; Creation of a state-of-the-art TV/Recording studio at RHS; purchase of Physics and Engineering materials and manipulatives for the new grade 6-12 science curriculum as well as support for ongoing events such as Super Science Saturday, Community Outreach and Wellness speaker series and the REEL Voices Film Festival.

Please consider making a donation today. Simply click on the link below.
