

Danville School

Principals' Report to the School Board July 2022

- **New Hires**

- 1st/2nd Teacher - Madison Roberts
- Elementary Art - Benjamin Metzger
- Middle School Math - Lisa Bruzual
- Middle School Social Studies - Lexie Drew

- **In Process**

- 0.6 Literacy Interventionist
- Intensive Needs Support Staff with LNA license

- **Current Vacancies**

- 0.6 Math Interventionist (Elementary)
- Design & Technology Instructor
- Elementary & High School Support Staff
- Evening Custodian

- **Facilities Update**

- Gym painting has started. Their timeline is about two weeks. The week of 6/27, they cleaned, washed, and dusted everything. The week of 7/5, they should start painting and will hopefully be done by 7/8.
- The timeline for the bleachers was delayed due to shipping on the vendor's side. It should begin the week of 7/11. It should take approximately 7 days for the project, this includes the removal of the old bleachers.
- The lift is also delayed due to shipping on the vendor's side. It will begin as soon as the parts arrive. We are hopeful for a mid-July timeline. It should take approximately 5 days for the replacement.
- The yurt footings will be started on 7/5. Assembly should begin near the end of that week. This is being installed where the windmill was.
- The solar array should tentatively be starting the 3rd or 4th week of July. This will be installed closer to the chicken coop. We are looking into using the solar panel to fully power the yurt using line voltage as the secondary source.
- The facilities crew is finishing up painting the few classrooms/offices that need to be freshened up. This should be done the week of 7/5.
- The crew is making headway into cleaning the building and preparing for the new school year. They have already moved the two classrooms

that are moving locations. Emily Demars is teaching 3rd/4th grade and has moved upstairs next to Steve Judkins. This moved the intervention room into the 1st/2nd grade hallway.

- **Preschool**

- There is a waiting list for this year that was established using this [procedure](#), created in May 2021. This means that the two preschool classes are composed of primarily 4-year-olds.

Go Bears!
