

RIDGEWOOD PUBLIC SCHOOLS

ALL-MEDIA PERMISSION FORM

For the purpose of disseminating information to the public, students in the Ridgewood Community School (RCS) are occasionally interviewed, photographed or filmed by school officials and/or media outlets as part of school and/or classroom, extracurricular and/or athletic activities. In this electronic age, it is sometimes the case that print media formats are then further distributed electronically via the Internet.

As you are aware, there are potential dangers associated with the posting of personally identifiable information on a web site, since global access to the Internet does not allow us to control who may access such information. These dangers have always existed; however, the Ridgewood Community School does want to celebrate you and your work. The law requires the district to ask for your permission to use information about you.

Pursuant to N.J.S.A. 18A:36-35, the Ridgewood Community School will not release any personally identifiable information on the Internet, to media outlets, or in school or district publications for public distribution, without prior electronic consent from you. Personally identifiable information includes student names, photo or image, residential addresses, e-mail addresses, phone numbers and locations and times of classes and trips.

This form requests permission for using your name and image only.

RCS has no control of the use of images or statements that are taken or distributed without permission. I agree to hold the Ridgewood Board of Education, its representatives, employees and successors, individually or otherwise, harmless from any claims damages, actions or liabilities of any kind relating to the public display of my name and image.

Selecting YES for the Permission to Release to Media box above gives permission for the use, without fee, of my name and image for legitimate school purposes in any print or electronic format for public distribution, including the Internet. This includes, but is not limited to, newspapers, television, video and web-casts, web sites, wikis, blogs, and the like.

Selecting NO for the Permission to Release to Media box above denies permission for the use of my name or image in any print or electronic format for public distribution, including the Internet. I understand that this means that neither my name nor image will be included in any publication for public distribution at any time.
