

**Brazosport ISD Family and Community
Engagement Plan
2021-2022**

In accordance with TEC 29.168, 19 TAC 102.1003 a school district shall develop, implement, and make available on the district, charter, or campus website, a family engagement plan to assist the district in achieving and maintaining high levels of family involvement and positive family attitudes toward education. An effective family engagement plan creates a foundation for the collaboration of mutual partners, embraces the individuality and uniqueness of families, and promotes a culture of learning that is child centered, age appropriate, and family driven.

Family engagement as defined by TEA is the mutual responsibility of families, schools, and communities to build relationships to support student learning and achievement and to support family well-being and the continuous learning and development of children, families, and educators. Family engagement is fully integrated in the child's educational experience and supports the whole child and is both culturally responsive and linguistically appropriate.

TEA has defined six family engagement categories that must be supported within the local family engagement plan. The following pages outline the six areas and list district activities to support each family engagement category.

1. Facilitate family-to-family support.

Create a safe and respectful environment where families can learn from each other as individuals and in groups;

Invite former program participants, including families and community volunteers, to share their education and career experiences with current families; and

Ensure opportunities for continuous participation in events designed for families by families such as training on family leadership

- Parent Teacher Associations/Parent Teacher Organizations
- Campus Shared Decision Making Committee
- District Community Meetings held throughout the District
- Title I Campus Meetings
- Volunteer opportunities
- PK Round-Up Activities
- Campus Community Partners
- Parental Involvement Conference
- Parent/Family Liaison information events

2. Establish a network of community resources.

Build strategic partnerships;

Leverage community resources;

Monitor and evaluate policies and practices to stimulate innovation and create learning pathways;

Establish and maintain partnerships with businesses, faith-based organizations, and community agencies;

Identify support from various agencies, including mental and physical health providers;

Partner with local community-based organizations to create a family-friendly transition plan for students arriving from early childhood settings;

Provide and facilitate referrals to family support or educational groups based on family interests and needs;

Communicate short- and long-term program goals to all stakeholders; and

Identify partners to provide translators and culturally relevant resources reflective of home language

- Collaboration with Brazoria County Head Start
- District Family Support Services
- District and Campus Health Fairs
- Special Education Parent Trainings
- Children's Learning Institute
