

Triennial Assessment Tool			
Date of Assessment: 6.24.21 (however assessment was conducted 2019 – 2021)	Name of School District: Clayton County Public Schools		Number of Schools in District: 64
Nutrition Education Goal(s):	Goal Status (select one):	Number of Compliant Schools:	Notes:
1. To the extent practicable, all schools in the district shall participate in available federal school meals programs	Completed	64	
2. Marketing and advertising of foods and beverages to students will be limited to food and beverages that meet Smart Snacks Guidelines	Completed	64	
4. All food served and sold on school campuses will be handled according to established state and local food safety guidelines.	Completed	64	
5.	Choose an item.		
Nutrition Promotion Goal(s):	Goal Status (select one):	Number of Compliant Schools:	Notes:
1. Clayton County Public Schools will support opportunities and activities offered to students, teachers, and parents to learn about nutrition and wellness. The school system will encourage at least one nutrition education activity for grades K-12 in science, health, math or other subject areas and provide education materials for school use.	Completed	64	Community partners include HealthMPowers and Children's Healthcare of Atlanta. Elementary school students receive targeted activities through HealthMPowers and reports show that the schools are compliant. It is our belief that the middle school students are at a critical point in their social and emotional development and that the issues facing them are more complex; therefore, every effort is made for students in grade 6-8 to receive nine weeks of health instruction annually. Local and Georgia

This institution is an equal opportunity provider.

Georgia Department of Education School Nutrition

			<p>Performance Standards address the areas of safety, nutrition, mental health, disease prevention, human life cycle, alcohol, tobacco, and other drugs, and decision making through critical thinking strategies and literacy are a focus across the curriculum.</p> <p>The High School (9-12) Health class is eighteen weeks in length and is a requirement for graduation in the State of Georgia. Local and Georgia Performance Standards address the areas of safety, nutrition, mental health, disease prevention, human life cycle, alcohol, tobacco, and other drugs as well as the Alcohol and Drug Awareness Program (ADAP).</p>
<p>2. We promote healthy eating and messaging to support nutrition education with the use of signage in the cafeterias, creative menus, posters, bulletin boards, and via our website each month.</p>	<p>Completed</p>	<p>64</p>	<p>All school cafeterias incorporate signage to impart healthy eating messaging. Annually we promote National School Lunch Week and National School Breakfast Week messages in schools via published menus, morning announcements and in district press releases. We promote Harvest of the Month, provide summer meals and advertise the availability of meals via school signage, the district website and press releases. We also participate in the Fresh Fruit and Vegetable Program. Menus, available on our website, include nutrition analysis of menu items. The website also includes creative messaging as well.</p>
