2022-23 School Year: Free or Reduced Price School Meal/Milk Applications

August 17, 2022

Dear Parents and Guardians,

Please be advised the District-wide offering of free meals to every student, regardless of meal pricing eligibility status, will not be extended into the 2022-23 school year as the federal government free lunch waivers expired as of June 30, 2022.

The application for free and reduced priced school meals for the 2022-23 school year is available. This application is necessary to determine eligibility for free or reduced priced school meals, P-EBT benefits, State funding to the District, and other school benefits.

It is very important to note that last year's application will expire on October 18, 2022. If your family/student(s) previously were eligible for free or reduced price school meals and a new application is not received by October 17, 2022, the eligibility status will be changed to paid. Meals will be charged at full price until a new application is received and verified as eligible for free or reduced price school meals.

Meal applications are **available to be completed online via Realtime Parent Portal.**
