

Possible Science Fair Interview Questions:

- ★ Tell me about your project.
- ★ What was your hypothesis?
- ★ Why did you think that would happen?
- ★ What were your independent and dependent variables?
- ★ What was your control?
- ★ What did you base that conclusion on?
- ★ What was the hardest part (or most fun, or most exciting, or most surprising, etc.)?
- ★ If you had to do it all over again, is there anything you would do differently?
- ★ What was your conclusion?
- ★ What did you learn?
- ★ What resources did you use in preparing this presentation?
- ★ Were any of your results unexpected?
- ★ What background research did you do for your project? OR Do you want to continue work in this area?
- ★ What data do you have to back up your conclusion?
- ★ What surprised you most about your experiment?
- ★ What application could your project have in everyday life?
